Resolved: Apologies accepted.

3. Declarations of Interest.

Cllr Cowles – Personal interest – Item 9.

4. To receive a presentation and update from Caroline Genever Jones TCBC Elections and Business Manager regarding a Community Review relating to ward boundaries.

Caroline explained to members that the review would consist of two parts namely;

- Electoral Areas
- Electoral Boundaries

The last community review was conducted in 2012. A task and finish group consisting of TCBC members has been set up which would not contain Town or Community Councillors due to a conflict of interest.

The 'Terms of Reference' for the review has now been written.

Members were provided with a brief overview regarding the options that the review would consider relating to electoral areas and boundaries.

The terms of reference would be presented to TCBC Full Council on the 25th of April 2023 and if approved, this would then be disseminated to the Town Council with a four-week review period for a response to be submitted back to TCBC.

It was hoped that the review would be completed within a year. The consultation results would be made public as part of the terms of reference. When the review is finalised, it will not come into force until the next election in 2027.

Members raised a point relating to TCBC councillors being part of the review working group who have actively tried to dissolve Town and Community Councils. Are these members considered to be bias as well?

It was explained to members that volunteers were asked to put themselves forward for the review working group and there is cross party representation.

This was to make the process as fair as possible and not one individual would be making decisions. The views of the Welsh Government would also have to be taken into consideration, but the review decisions would have to be approved by TCBC Full Council.

Caroline was thanked by the Mayor for attending and updating members. Caroline then left the meeting.

Resolved: Members noted the update.

5. To receive a presentation and update from TCBC Public Services Support Unit regarding the launch of the Waste and Recycling Consultation Programme.

Members received a presentation from Theresa Pearce & Kate Jenkins, TCBC Public Services regarding the launch of the Waste and Recycling Consultation Programme.

It was explained that the reason for the changes was to achieve the Welsh Government's recycling targets of 70%. TCBC at present are only achieving 62.7% and are well short of the required target.

If the targets are not achieved, then TCBC would be fined £100k per 1% under the 70% required target.

An overview was presented via the projector screen covering a breakdown of current recycling patterns across the county borough. The proposed changes would be for either three or four weekly collections for the purple bins.

No decisions have been made at this stage and this would be completed after the consultation process. Members were informed that some Borough Councils have not consulted but just implemented the changes.

To date there has been a good response from the public. In order to attempt to reach the required targets then education would need to be implemented with enforcement as a last resort.

A series of questions were presented by members namely;

- Would TCBC be taking on extra staff to support the changes?
- Are the contents of the purple bin recycled?
- Should there only be 20% of existing refuse in the purple bins?
- What about the issues surrounding missed collections?
- Will information leaflets go out to all members?
- Would the data from the research be sent to the Town Council?
- Would there be a demographic study across the borough to identify persistent offenders?
- It would be helpful to promote disabled assist.

An explanation was provided to members and it was highlighted that there would be no extra staff employed as this would be achieved using existing staff and extra training. It was confirmed that only 20% of existing refuse should be placed in the purple bins and this is not recycled but incinerated.

In terms of missed collections, these should be reported to TCBC. Information relating to the changes would be available within the TCBC newsletter and or downloaded from the TCBC website.

Data from the research would be available on the Welsh Government's website. It would be difficult to identify persistent offenders, and this could be delivered by housing associations. Theresa stated that she would take back the point raised relating to disabled assist.

Both TCBC officers were thanked by the Mayor for attending and updating members. Theresa and Kate then left the meeting.

Resolved: Members noted the update.

6. To receive an overview and update from Mr Walter Waygood regarding his forthcoming photography exhibition in Blaenavon.

Mr Walter Waygood presented to members an overview of his upcoming exhibition called the 'Family of Blaenavon' and a snapshot of his career.

The exhibition has been sponsored by Forged Solutions and it will be displayed within Blaenavon Workmen's Hall. Mr Waygood also explained that to run in tandem with the exhibition would be a book called the 'Family of Blaenavon'

The book was currently 100 pages and members were presented with images of the planned content. Mr Waygood explained that he would want the book to be 150 pages.

Members were provided with an overview of the frames and mounting boards required to deliver the exhibition and to consider a sponsorship request of £994

Mr Waygood was thanked by the Mayor for attending and updating members. Mr Waygood then left the meeting.

Resolved: Members noted the update.
