Mr Leech explained how he had been in the role as Head of Economy & Skills in TCBC for 2 years and gave an overview of his role.

His presentation highlighted the key objectives for the strategy to refresh economic development within Torfaen and the plan for 2021, these being.

- To set a clear vision for what a successful economy in Torfaen looks like.
- To understand what could be done to contribute to this type of economy.
- To give a clear direction to the work of the economy & skills teams in TCBC
- To provide focus for partnership working to help the economy.
- To give a focus for investment into Torfaen.

Mr Leech presented the employment figures for Torfaen and more locally within Blaenavon which highlighted the key industry sectors.

Mr Leech then went on to outline the 7 key themes for the vision and presented each topic in greater detail.

- Corporate Enabling Activities
- Business Programmes
- Training and Labour Market Interventions
- Business Engagement Framework
- Capital Programme: Sites, Premises & Infrastructure
- Place Development & Marketing
- Wellbeing Advisory Services

Mr Leech asked members for their opinions regarding the strategy and asked for their thoughts and contributions with regards to the plan in order to find the right balance to support the objectives of the Town Council.

A series of questions were then presented to Mr Leech regarding the presentation.

Cllr Davies enquired how the strategy could support attracting high skilled jobs to the area and what were the plans in terms of replacing the money that was provided by Europe and could this be a problem?

Mr Leech explained and confirmed that at present there was uncertainty where that money would be distributed, but initially there was talk of a shared prosperity scheme being set up by the UK Government, but the latest vision is that this money would be allocated to regions via the City Deal.

It is also well known that local activities are best delivered by Town Councils and Local Authorities so the money would be better distributed using these avenues, but this may be influenced by a National strategy.

Mr Leech further explained that he felt confident that the current strategy will work locally by influencing Welsh Government.

Cllr Davies asked a supplementary question regarding a Skills Strategy based around planning for jobs over a 2-5 year period.

Mr Leech explained that working with young people is key to this by encouraging discussions about emerging careers and also working in partnership with local employers to facilitate this.

Also crucial to this is getting young people employed in reasonably well paid jobs with a support mechanism in place to achieve this through raising aspirations. This will be reliant on post European funds being able to deliver this via employability schemes.

Mr Warren (Clerk to the Council) asked Mr Leech where did he see the strategy aligning with the onset of Corporate Joint Committees particularly around part 5 of the legislation namely economy which recently became law?

Mr Leech confirmed that he does see them being well aligned, but within the strategy, it must be made clear what will be required locally. Potentially there will be discussions regarding the strategy within Corporate Joint Committees, but crucially the local democratic accountability is not lost.

Mr Leech further explained that the City Deal will have a big role to play within Corporate Joint Committees certainly in terms of innovation and this is where they will align regionally with the right things at the right level.

Resolved: The Chairman thanked Mr Leech on behalf of members for his informative presentation.

Cllr Gareth McCann informed members that he hadn't received any updates from Torfaen Transport in recent months and the Pontypool Museum Trust meeting is planned for February 2020.

Resolved: Members noted the updates.

11. To receive an update from Rebecca Smith – Healthy Blaenavon Officer.

Rebecca sent members her report prior to the meeting, it detailed the following:

Bron Afon Funding

Rebecca explained to members that she had met with Rachel Knight (Bron Afon) and consequently applied for funding for the "Helping Families Work project". The project supports 'in work' families with children under the age of 18 to maximise their household income and enhance their overall health and well-being.

The application was approved, and Rebecca will receive 20 cookery books all themed around cooking on a budget, which will be given to eligible families, identified by Rebecca and partners.

25 Christmas hampers containing essentials were received from the Community team at Bron Afon which were distributed at the Community pantry.

Comic Relief Music Project-Recrock

An interim report has been submitted for the project. Rebecca is organising a meeting with TVA who manage this fund. Currently the project's end date is June 2020, but Rebecca is hoping to negotiate an extension to this date.

Street Games

Sports Development officers are managing the fit bit project and will be working with the families to increase their steps and overall fitness. Rebecca is hoping to begin some on-

line family sessions such as yoga, over the next few weeks via zoom. This will be free for families to take part in. A case study has been produced on the Street Games work carried out by the Council to date which will be sent to members by email.

Community Pantry - Fare share

Previously known as Fare Share, Rebecca informed members that this would now be referred to as the 'Community Pantry'. She explained that the name was changed as the contribution from Fare Share Cymru only forms part of the donations alongside Asda and Coop which is collected by local residents and chapel volunteers to distribute at Bethlehem Chapel. An average of 30 bags per week are being handed out.

Hwb- partnership work

Rebecca updated members that despite Hannah from the Hwb being furloughed and only allowed to work for 10 hours a week, she had been extremely proactive in finding ways to support residents and particularly the HB project.

Rebecca and the Hwb worked in partnership before Christmas to identify local families who would benefit from a Christmas hamper. Hannah and some volunteers, using funding applied for by Torfaen Youth Service, delivered 6 hampers to families that Rebecca has worked closely with over the last year. This received a great positive response.

The Hwb have been delivering surplus Greggs food parcels to these families when available. Rebecca explained that in the previous week she was asked to identify some local families and people who may benefit from a cooked meal once a week.

The criteria being that it made a financial difference. For example, not cooking hot meals because of energy costs. These meals are going to 3 families and 3 single men at present that have all accessed food banks previously. The youth team are hoping to build on this and be able to offer the service to more vulnerable residents in future.

Reading Well

Rebecca recently met with Books Council of Wales and the Fusion Coordinator who have asked if the Council would be willing to pilot the "Reading Well scheme". Rebecca would receive a selection of books, firstly around mental health and will be able to give them out on "prescription". Individuals will be referred through the Health Visitors and GPs and identified by Rebecca. These residents would be able to borrow the book for a 6-week period. These books are available for loan through some libraries, but this pilot intends to see how this might work in a more relaxed "social prescribing" environment.

Create

Rebecca explained how the project is due to begin again with a family online “cook along” with the company Cook Stars. The original application to ‘Create’ intended the family sessions to take place within a venue in town.

Rebecca explained that due to current restrictions, having met with the funders, it was decided that the sessions should go ahead in this format. The sessions are free for all families in Blaenavon, paid for by the project as in the original funding bid, however for lower income families, identified by partners, the ingredients will be delivered.

It has been identified that some families will struggle due to lack of devices and internet data, these families will be able to take part in the holiday picnic sessions, which will take place again this year, at Easter and during the summer holidays.

The current sessions include families from the Family Activity Club, enabling families the chance to interact again, supporting their well-being. Rebecca explained the hope would be that keeping these families in contact would help when sessions can once again commence when restrictions allow.

Blaenavon Medical Practice.

Before the latest lockdown Rebecca explained that she was working from the surgery each Wednesday. Office staff and GPs have started to refer patients to Rebecca, for referrals on to other agencies.

The most frequent referrals are for food bank deliveries, though other referrals have been for social support, housing issues and support into education and training.

Cllr Jones suggested that in future meetings members ask Rebecca questions from the report which would be read prior to the meeting rather than Rebecca having to present the report. Rebecca was happy to do this in future meetings.

Members were all in agreement that this be the format going forward.

Cllr Jones thanks Rebecca for all the good work she was doing.

Resolved: Members noted the update

12. To receive an update from Cllr Gareth Davies regarding Vocal Eyes Participatory Budget Project and make a determination regarding its implementation in 2021.

Cllr Davies commenced his update noting that he would email the more detailed report to members but would update the key areas at this meeting.

£30k is the initial amount being awarded to the Council in April 2021. Additional funding is being awarded to set up the Vocal Eyes Platform and to enable Officers and Councillors to be trained in the software as both users and to train as trainer.

An additional amount of £100k will be awarded from the Health Board, TCBC, Bron Afon which includes the money that Blaenavon Town Council has already contributed.

Cllr Davies asked members would the Council be happy to be account holders for the budget, there were no objections to this.

Cllr Davies further explained that he is meeting with representatives from Welsh Government on the 2nd of February 2021 and noted that he would need to provide them with regular updates as the project develops.

The plan for launching the project is hoped to be April 2021 with £30k allocated for initial projects. The health board have stipulated that the projects supported be health and well-being related, he stressed that this would be a broad criterion and could fit with lots of innovative projects to benefit the town.

As the project lead Cllr Davies was willing to take on the extra work required to fulfil the needs of the project. He has stipulated that final decision making is made by Blaenavon Town Council and Welsh Government have agreed to this.

He added that the project would be a great way to help the community to bring new and innovative ideas to the town. The only clarification that is required with Welsh Government is regarding the guidelines on whether individuals as well as groups would be eligible to apply for funds. This will be decided when they meet.

A discussion took place amongst members regarding the implementation of the software, training, costs and additional workloads.

The Clerk requested that he and Gareth meet after his meeting with Welsh Government to work out the logistics in finer detail.

Resolved: Members all in agreement that Council be the account holders for the project and will await further updates from Cllr Davies as the project progresses.

13. To discuss and make a determination regarding a request from Torfaen Voluntary Alliance (TVA) regarding a letter of support and financial contribution for a community venue lottery application.

The Clerk received an email on the 3rd of December 2020 from Victoria Croker (TVA) seeking a letter of support and a financial contribution from Blaenavon Town Council to

fund the role of a 'Community Venue Officer'. The financial contribution being requested to fund the role would be £3,750 over a 3-year period.

The Clerk noted that the main community venue in Blaenavon was the Workmen's Hall and that this venue was run by a Board of Directors and in house volunteers.

The Clerk asked members if they were willing to support the requested financial contribution covering the 3 years?

Cllr Davies declared a prejudicial interest as part of the working group within Torfaen managing community halls, he withdrew from the conversation.

A discussion took place amongst members who were all in agreement that the role would not benefit Blaenavon and they would not be supporting the funding request or a letter of support.

Cllr Jones proposed that the request is not supported, this was seconded by Cllr Huybs.

Resolved: Request from TVA not supported by members. Clerk to inform Victoria Croker (TVA) regarding the decision.

The Clerk sent members the criteria for the Town Council Civic Awards that is currently in place and asked members if they were happy to approve this for the 2021 awards. A discussion took place amongst members regarding continuance of the criteria currently being adopted.

Cllr Parry proposed that the criteria be changed so that people who have businesses within the community are not allowed to be nominated for a Civic Award.
